Subject: Corps 12/28/16 letter to Rosemont

Hi Tomás – Here is the letter from the Corps signed by Col. Helmlinger, which we obtained indirectly on Jan 12. Elizabeth Goldmann is drafting the email Alexis requested today, which I will route through you when ready. There is no particular time sensitivity to her sending it; we are not seeking to be invited to the “technical meeting” referred to in the letter (now expected to be mid Feb).

The letter is short, but in sum, it acknowledges their intent to schedule the technical meeting in follow-up to the Dec site visit, notifies RM of their right to a JD, and lists the factors behind LA District’s proposed permit denial (which include Jared’s finding that the ADEQ 401 cert was insufficient to meet WQ standards).
